

STEVE T. CHEN, MD, FACP, FACG

Dr. Chen received his B.S.E. degree from Princeton University and M.D. degree from Jefferson Medical College. At graduation, he received the Annie Simpson Medicine Prize and was elected to the Hare Honor Medical Society. He also received awards for his research on calcium's effect on gallbladder contraction while in medical school.

Dr. Chen received internship and residency training in internal medicine at Walter-Reed Army Medical Center in Washington D.C. and his Gastroenterology fellowship at the University of Cincinnati Medical Center. He also served as internist and director of the endoscopy center at the Evans Army Community Hospital in Colorado.

Dr. Chen is board-certified in Internal Medicine and Gastroenterology. He is a fellow of the American College of Physicians and American College of Gastroenterology. He also holds memberships in the American Gastroenterology Association and the Christian Medical and Dental Association. He has also received two "Teacher of the Year" awards by resident physicians of Lancaster General Hospital.

He and his wife, Violet, have four children, Jessica, Joshua, Jeremy, and Jonathan. His special interests include teaching and medical missions services in underdeveloped areas of the world, especially Asia.
